

Rebecca's background in biological sciences will provide her with a solid foundation in applying creative problem-solving to complex legal challenges.

She is interested in exploring different practice areas but is particularly drawn to environmental work.

What are you most looking forward to during your time at Davies?

Getting to work with and learn from a brilliant and talented group of people. I am excited to try my hand at a variety of different practice areas, and to tackle the complex and sophisticated work at Davies.

If you could have your own talk show, who would you invite as your first guest?

American actress and comedian Ayo Edebiri. Her wit, humility and mastery of her craft are unmatched. In my dreams we are best friends. Audiences and critics alike rave about our unparalleled chemistry and easy banter.

Do you have any significant awards or accomplishments, either in school or in your personal life?

In 2022, my laboratory team received the ASTech Award for Outstanding Achievement in Health Research for our work in real-time tracking of COVID-19 across Alberta.
