Bill brings passion, energy and tenacity to everything he does.

He operates a market leading commercial litigation practice for a wide range of clients, including leading Canadian and foreign corporations and government entities. He has decades of experience before the Québec Superior Court, the Québec Court of Appeal and the Supreme Court of Canada, and has acted as counsel or as an arbitrator in numerous significant commercial arbitrations.

In his spare time, Bill is a photographer and an author (*Portraits of Hope*, and *The Word*, Les Presses de l'Université de Montréal), a founder of the Maryse and William Brock Chair in Applied Research into Stem Cell Transplants, Chair of the Board of Directors of IRIC (Institut de recherche en immunologie et en oncologie of the Université de Montréal) and Chair or a board member of a number of the other companies involved in cancer research, training and commercialization.

Bill believes we should all be measured not only by what we have done, but also by what we have given.
