With a background as a management consultant, he now wants to play a bigger role in solving legal issues within businesses.

Is there a practice area or industry in which you are particularly interested?

I'm interested in technology and the law. I would love to play a role in developing solutions to the legal questions presented by novel technologies.

Is there something about you that we would be surprised to learn?

I was a ball kid for the National Bank Open (formerly called the Rogers Cup) tennis tournament. I had the pleasure of being on the court and working on matches featuring tennis legends such as Serena Williams, Rafael Nadal and Novak Djokovic.
